Dear Hiring Manager,

## RE: SALES REPRESENTATIVE JOB APPLICATION

I am writing to express my interest in the Sales Representative position at Milhan Access Capital. Currently, I am seeking a challenging role to build on my previous experience and I believe that this will be a great opportunity for personal and career development.

I am an Economics and Statistics graduate and a self taught programmer with expertise in Python, R and Javascript. I have worked on product designing , customer service, sales and programming freelance jobs during my college breaks and I am confident that my past work exposure will be of great importance to you.

I am a fast learner with the ability to think fast and produce required results with minimal to no supervision. I thrive well when presented with challenges and I am confident that with the problem solving and analytical skills I have gained I am well equipped to handle any task allocated to me.

I have attached a comprehensive resume with details of my skills . Hope to hear from you soon. Thank you for your time and consideration.

With best regards,

**Janet Mutua.**
